

2014 - Greystone Sportsmanship Agreement

- I am a leader in this school and I am expected to behave as such. Acting up in class, skipping classes, not doing homework or assignments may result in reduced playing time in the next game. If the behaviour continues, further action will be taken.
- I will try my best to help my team. That means working hard and being supportive, whether or not I am in the starting lineup.
- Winning is the goal of games but losing teaches valuable lessons too. It helps us know what we need to work on and helps deal with setbacks later in life.
- By joining the team, I have made a commitment to attend practice and games and display good sportsmanship. If I am going to be late or absent for a practice or game, I will let my coach know in person or by phone as early as possible. I will not send a message with a teammate to the coach.
- If I am injured and unable to be an active participant in practice or a game, I will still attend so I can learn with and support my teammates.
- I should not sound angry or frustrated when advising teammates during games and I will refrain from the use of inappropriate language at all times. People will react best when I speak in a pleasant tone.
- I will help a teammate who is angry at referees, teammates or coaches calm down.
- I must show respect to game officials, coaches, opponents and spectators. In general, I should be intense playing the game but calm when my emotions start to get the best of me. Everyone is doing the best they can at tasks that are difficult.
