PRINCIPAL'S MESSAGE
by Mr. Anil Padayas

With only a few more weeks before the snow flies, I encourage parents to have their children dress appropriately for the crisp weather.

Our volleyball and cross country running season will be wrapping up fairly soon. I hope everyone to can come and support our kids. Our staff is working hard to establish routines with their respective classes, giving students opportunities to thrive in their learning.

Collaborative Teaching Partners continue to work with teachers and education assistants in supporting Literacy, Numeracy, and social emotional needs of our children.

I am very appreciative of our Greystone School Council and FOGS working as volunteers to fund raise and support our school and community. Additional volunteers are always welcome as part of School Council or supporting Greystone School.

Remembrance Day (Armistice Day) will arrive soon and I would like to invite our parent and community to join Greystone Centennial Middle School in the morning of Friday November 8 to acknowledge and observe “remembrance for the men and women who have served, and continue to serve our country during the times of war, conflict and peace”.

Lest we forget
**REMEMBRANCE DAY**

**History of the Poppy**

"Each November, Poppies bloom on the lapels and collars of millions of Canadians. The significance of the Poppy can be traced back to the Napoleonic Wars in the 19th century, over 110 years before being adopted in Canada. Records from that time indicate how thick poppies grew over the graves of soldiers in the area of Flanders, France..."

The person who first introduced the Poppy to Canada and the Commonwealth was Lieutenant-Colonel John McCrae of Guelph, Ontario, a Canadian Medical Officer during the First World War. John McCrae penned the Poem "In Flanders Fields" on a scrap of paper in May, 1915 on the day following the death of a fellow soldier. Little did he know then that those 13 lines would become enshrined in the hearts and minds of all who would wear them...

Today, the Poppy is worn each year during the Remembrance period to honour Canada's Fallen... Thanks to the millions of Canadians who wear the Legion's lapel Poppy each November, the little red flower has never died, and the memories of those who fell in battle remain strong."

Join us on the morning of Nov. 8 for our Remembrance Day Ceremony.

SIGNING OUT YOUR CHILD
If you are picking up your child early, please come into the office to sign out your child. You may be asked to show identification.

CONTACTING YOUR CHILD
Just a reminder, that if you would like to get in touch with your child please feel free to contact the school office and we will happily pass the message on to them. We are trying to minimize distractions to the learning environment from personal devices. As such it is expected that cell phones and other personal devices will remain in lockers during instructional time.

Homeroom begins at 9:00am and the final bell rings at 3:45pm. Student break times are from 11:05-11:20 and 12:45-1:35.

REPORT A STUDENT ABSENCE
Regular and punctual attendance is important for academic and social success in school. We have an absence alert system in operation at Greystone Centennial Middle School. Parents are asked to notify the school office whenever their child will be absent from or arriving late to school.

Should your child be unable to attend school, please call 780-962-0357 or email greystone.absence@psd70.ab.ca to report the absence or late arrival. If your child is absent and you have not contacted the school, the school will call you after 9:30am (or 2:00pm if the child is only absent in the afternoon). Thank you for using our absence reporting system, as it speeds up our safe arrival program and helps us ensure the safety of all our students.

Thank you also for making arrangements to allow for sick students to recover comfortably at home.

**DRESS FOR THE WEATHER!**

As we move into fall and the leaves continue to change colours and days get cooler students will need to be dressed appropriately in order to safely enjoy outdoor activities such as nutrition breaks, lunch breaks and physical education classes as some of them take place outdoors. A warm coat, mits and a hat are musts to keep in the backpack at this time of year.

Please help your child make sensible choices when it comes to what they wear to school each day, keeping in mind that the weather may change throughout the day, and ensure that they have the appropriate outdoor clothing when needed.

As the weather gets wet and muddy it is increasingly important that students have a pair of indoor shoes to help keep the school floors dry, clean and safe. All students are expected to have a clean pair of indoor shoes for use in the gym.

If you are missing a jacket or sweatshirt, ask your child to check the **lost and found**. They are quite full already. Feel free to come in at the end of the day and check it yourself as well. Lost and found bin items will be out during interviews, and unclaimed items are donated.

**FRIENDS OF GREYSTONE SOCIETY**

GCMS has a very active parent volunteer fundraising society - the Friends of Greystone Society (FOCS). The main function of our FOCS is to fundraise for items needed to enhance the quality of our school community. Recent projects have included the digital outdoor school sign, PE equipment and new microscopes.

They also have volunteers who organize the hot lunch programs and other activities for GCMS. They are currently looking for volunteers for concessions that operate during tournaments, one is coming up on October 25th. They could also use some extra hands during our special lunch events.

For more information or to volunteer, please contact the FOCS chair Jodi Fobes at fosgfriendsofgreystonesociety@gmail.com Please join the FOCS Remind Group @FOCS2018 to keep up with all FOCS news and updates.

These lunches and programs are all run by volunteers and couldn’t happen without them. We are still looking for people to help with Ice Cream Days, Concessions and various other small tasks. GCMS LIBRARY LEARNING COMMONS

It has been an exciting month in the Learning Commons. Our students participated in Break-Out EDU boxes during their library blocks. This activity encouraged creative and critical thinking as well as team work. Many teams managed to “break out” together as they explored the Library Learning Commons!

The library is open at break times for quiet work and reading. At nutrition break it is open for all students, and at lunch recess it is available to certain grade levels each day. This is a great space to come and read or catch up on homework or assignments. It is a tech-free zone at breaks.

Support our Library Learning Commons and a love of reading by participating in the Scholastic Book Clubs. Each month there are different specials on a variety of books. This month, forms are due on Oct. 24th. You can return the order forms, or order online at https://canadaclubs.scholastic.ca/en/why-reading-club-account

FALL BREAK
November 12 – November 15, 2019

Greystone Online Calendar: https://greystone.psd70.ab.ca/Events.php
Dear Parents and Families,

Have you heard of RAINBOWS/SPECTRUMS? Perhaps someone close to you has benefitted from this wonderful support program when their family experienced divorce/separation/grief/loss. They may have told you their kids have been helped a great deal by participation. Although RAINBOWS/SPECTRUMS is not counselling, it is very therapeutic for children and youth to share their feelings in a caring, confidential environment, with others of a similar age, in similar situations.

The concept is simple yet very effective; sharing grief helps children hear and cope better with the inevitable changes that accompany death, separation or divorce. Through fun games, activities and discussion, RAINBOWS/SPECTRUMS can help children understand and accept the changes they are experiencing, and learn communication, problem-solving and positive coping strategies to make their lives better. Kids are resilient, but only if they get help.

RAINBOWS is offered at Greystone School in 45 minute, weekly sessions over 13 weeks during the lunch hour for our grade 5, 6 & 7 students. Our sessions will run from November through February with the last class being a celebration of all their hard work. SPECTRUMS (for grades 8 & 9) will run similar to the Rainbows program. Parent permission is required. If you would like your son/daughter to be involved in this program, or if you would like more information or have questions, please do not hesitate to call/email me.

Sincerely,

Janie Scheidl

COMMON SCHOOL HEALTH QUESTIONS
When Should I Keep My Child Home From School?

To avoid spreading germs and amplifying illness, very sick children should recover at home where they will be most comfortable.
If your child has a fever, they should stay at home until they have been fever-free for at least 25 hours.
If your child has a serious cough or sore throat, then home is the best place for them to be until they are feeling better. Usually with a sore throat and cough they also aren’t sleeping well, and need extra rest.
If your child has vomiting or diarrhea, they should remain at home. Remind your children to always practice good handwashing techniques, that’s one of the best ways to stay healthy!

5 Tips on Talking About Sexual Health with Your Child

Talking about sexual health topics like puberty, menstruation and relationships, will help your child to make healthy, informed decisions now and later on. Here are some tips for starting or having conversations about sexual health:

1. **Start young!** Teach young children the correct terms for their body parts. Talk about puberty before they are already experiencing it. The more you talk about it while they’re growing up, the easier it will be to discuss more difficult topics later.

2. **Use teachable moments.** These moments can happen when you least expect them. You may hear lyrics to a song, watch TV together, or your child may tell you a story about someone in school. Ask your child’s opinion, and use it as an opportunity to talk about sexual health and family values.

3. **Answer their questions as best as you can.** Find out what they already know and keep your response simple and age-appropriate. If your child asks a question and you are unsure how to respond, simply let your child know that you’ll get back to them. Don’t put it off – they might think that it’s not okay to talk about it and will look for answers to their questions somewhere else.

4. **Make it a regular topic.** Think of sexual health education as an ongoing process. Shorter, frequent conversations are better than a big, one-off talk. Remember that healthy development, including sexual development, is a lifelong process.

5. **Aim for a friendly chat.** Try to see the talks as two-way discussions, not lectures. Ask what your child thinks and feels and be willing to listen. Aim to get a lively discussion going.
